PROFILE

Human-centred service designer with a background in creative strategy and mass communication, trained to listen carefully, surface what matters, and design services that genuinely work for people. Currently completing an MDes in Design Innovation & Service Design at Glasgow School of Art, where I am leading live client projects for Lloyds Banking Group and the National Trust for Scotland. I bring research rigour, narrative clarity, and cross-functional collaboration to every brief — moving fluidly between discovery, synthesis, blueprinting and prototyping. I care deeply about inclusive design, financial wellbeing, and making complex systems feel human.

EDUCATION

MDes Design Innovation & Service Design | [Glasgow School of Art](#) | Sep 2025 – Sep 2026 | Glasgow, UK

Modules include: Service Design Methods, Systems Thinking, Participatory Co-design, Research Methodologies. Elected Class Representative and Student Representative Council (SRC) member.

Bachelor of Mass Media (BMM) — Advertising | [Jai Hind College, University of Mumbai](#) | Jun 2021 – Jun 2024 | Mumbai, India

EXPERIENCE

Service Design & Community Experience Intern | [Inforens](#) | Apr 2026 – Present | London, UK (Remote)

- Improving user experience across web and app, contributing to service design, content strategy, events and brand partnerships for a platform supporting international students.
- Mentoring prospective students relocating to Scotland through webinars and one-on-one support on academics, student life, part-time work and adapting to the UK — applying service design thinking to a live user journey.

Creative Strategist | [Realatte](#) | Jul 2024 – Oct 2024 | Mumbai, India

- Developed and executed multi-channel creative strategies, aligning brand messaging with user needs and business objectives across digital touchpoints.
- Translated market research and user insights into compelling campaign narratives, measurably improving brand clarity and audience engagement.
- Collaborated cross-functionally with design and product teams to bridge strategy and execution, ensuring consistent brand experience at every touchpoint.

Creative Intern | [World of Fian](#) | Jul 2023 – Dec 2023 | Mumbai, India

- Contributed to end-to-end creative production workflows, supporting brand content development and visual communication for digital campaigns.
- Conducted audience research and concept development, helping establish tone of voice and messaging frameworks used across platforms.
- Produced written and visual content that improved audience engagement through user-focused storytelling across multiple channels.

KEY PROJECTS

Income Protection Service — Lloyds Banking Group — Live Client Project, GSA | 2025–2026

- Led mixed-methods user research — including public interviews, desk research and digital surveys — to uncover attitudes towards income insurance, generating insights that directly shaped service design recommendations.
- Synthesised qualitative and quantitative data into clearly defined opportunity areas, applying systematic problem framing to tackle complex financial wellbeing challenges.
- Challenged team assumptions through rigorous research practice, reducing bias and strengthening the validity of service design outputs presented to Lloyds stakeholders.

Tea Heritage Newspaper — Mackintosh at the Willow & National Trust for Scotland — Live Client Project, GSA | 2025–2026

- Co-designed an educational newspaper for Scottish secondary school students (ages 13–16), tracing the history of tea, ingredients and production from origin to present day.
- Prioritised a physical format to maximise accessibility and learner autonomy, ensuring the medium supported rather than overshadowed the historical content.
- Crafted narrative architecture and page layout so each spread built on the last, prompting critical reflection on colonialism and cultural identity with sensitivity and care.
